

Retirement Housing Complex

The Association owns a retirement housing complex called “Overnewton Court”, located at 46 Overnewton Street. This building contains 39 self-contained flats (36 one-bedroom, and 3 two-bedroom properties) which are allocated only to people over the age of 60.

The complex has some facilities for the benefit of its residents, including two common areas, a common kitchen and a garden area. The building overlooks a park and has excellent views over the south side of the city. It is also a short walk to Kelvingrove Art Gallery and Kelvingrove Park.

All floors can be accessed by a lift, and have double-glazed windows (upgrade planned soon), and heated by a common electric central heating system. There are also guest rooms available for friends and family to stay over.

All properties are fitted with a door entry intercom system for the main entrance door, and CCTV is installed in the ground floor common areas for safety. Additionally Cordia alarms are fitted in each flat for added peace of mind.

If you, or someone you know, would be interested in this type of accommodation please get in touch with our Housing Management Team who would be happy to help.
