Comments for any notable improvements or deterioration in performance, or compliance with tenant and resident safety requirements regarding the figures supplied in the "Housing quality and maintenance" section, including non-compliance with electrical, gas and fire safety requirements and plans to address these issues.

We are reviewing the small number of tenants that consistently refuse access for essential safety upgrades; they are vulnerable for various reasons, primarily mental health issues. As the work required is disruptive, property services and housing management staff are working together to manage these situations as sensitively as possible.
